

To whom it may concern;

The issue here is Freedom of choice!

And the choice is XM , Its not a freebe we pay to get OUR choice of intertainment, not what some add sponsor is paying for us to hear whether we like it or not.

The issue are the same as cable tv, and satellite, the freedom of choice and channels.

if i want to drive from coast to coast and listen to the same channel of 50's & 60's music and a little weather and news on the side that my choice, that the service that i subscribe to.

so its not broke so dont try and fix it thank you !
